

Senior Living Financial Options

At Brookdale Senior Living®, we understand the challenges presented by the current economic environment, especially for those who are otherwise ready for senior living, but are uncertain how best to afford it.

Brookdale will help you make the move to the retirement lifestyle you want or need with generous programs and third-party financial options that provide the financial flexibility to afford a great lifestyle, or to simplify your payment choices. Find a Brookdale community near you today and ask our Sales Associates for more information about these financial options.

Our People Make the DifferenceSM

www.brookdaleliving.com

Veterans Aid & Attendance Program

The Department of Veteran's Affairs provides eligible veterans, their surviving spouses and couples with up to \$1,950 per month through the Veterans Aid & Attendance Program. This is a program that is often overlooked by retirees who served our country in the military.

ElderLife Financial Services

ElderLife provides loans to families and seniors interested in financing their senior or retirement lifestyle. The services are designed specifically to help seniors move into the senior living community of their choice, or to supplement their move while waiting for the sale of a home or other benefits to kick-in. ElderLife offers low monthly payments for a quick and easy move.

Life Settlement Services

Many people do not realize that their life insurance is a financial asset that may benefit them today. A life settlement provides cash for your life insurance now. Available for term, universal or whole life policies, life settlements on average provide three-to-four times the cash surrender value of your insurance¹. Ask your Brookdale sales associate to introduce you to a provider that will help you determine how much cash you can receive for your life insurance policy.

Automatic Debit Program

Those who qualify can take advantage of Brookdale's Automatic Debit Payment Plan, which enables you or your family to pay your apartment and service fees each month directly from your bank account. No paper bills to clutter your home; just one easy payment.

Shared Suites

For the budget conscious individual or for those who want companionship, Brookdale communities can help match you with a roommate to share living costs and apartment space in our communities.

Brookdale Home Sale Program

Brookdale offers a home sale program for those interested in using the equity in their home immediately to move to one of our twelve Life Care communities. Ask our Sales Associates at any of Brookdale's Life Care communities for more information on the Brookdale Home Sale Program.
